ABOUT US

We pride ourselves on offering products that combine outstanding quality with exceptional value. Our sintered stone is designed for the mid/high-range market, providing a solution that balances performance, aesthetics, and affordability.

SURFACE WE PROVIDE :

MATT : M

POLISHED : P

SATIN : S

3D : 3D

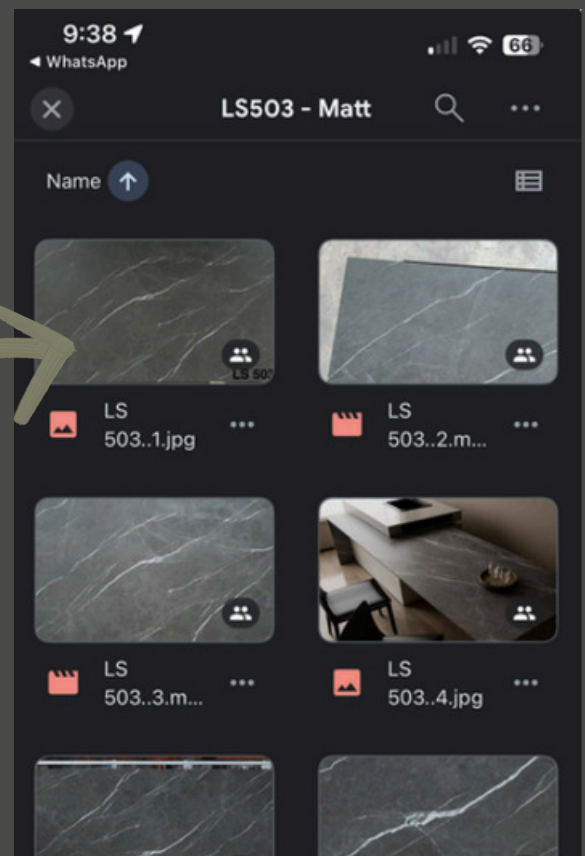

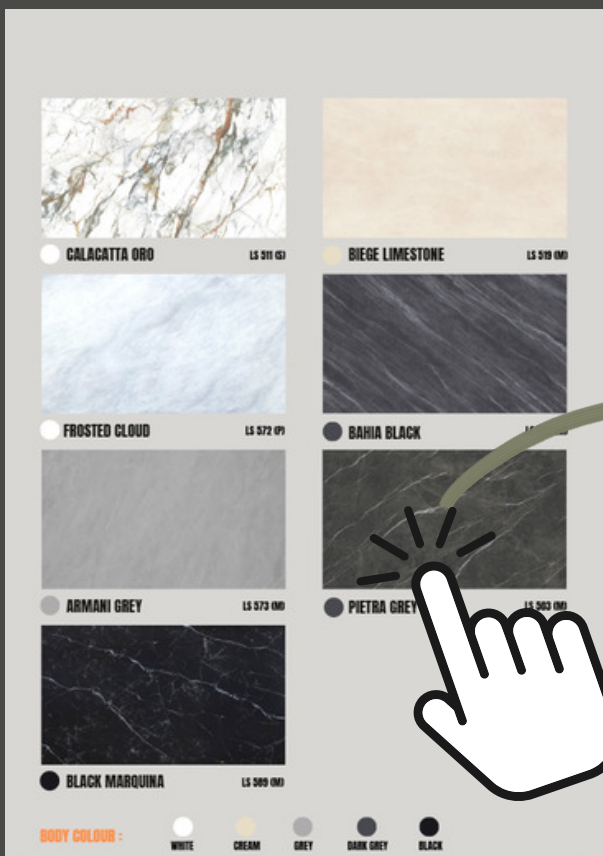

SINTERED TEST RESULT

Property	Typical Result / Classification	Notes
Water Absorption	$\leq 0.05\%$	Sintered stone generally exhibits very low water absorption.
Apparent Density	2.3–2.5 g/cm ³	Varies depending on exact composition and manufacturing process.
Flexural Strength	45–60 MPa	Also reported as Modulus of Rupture (ISO 10545-4).
Abrasion Resistance	Class 3–5 (ISO 10545-7)	For unglazed surfaces; indicates wear resistance.
Thermal Shock Resistance	Pass (no visible defects)	Tested according to ISO 10545-9.
Impact Resistance	Pass / No Damage	Often assessed by dropping a standardized load or per ISO 10545-5.
Chemical Resistance	Class A / GA	Indicates excellent resistance to household chemicals (ISO 10545-13).
Dimensional Stability	Within Tolerance / Conforms	Refers to length/width/thickness tolerances (ISO 10545-2).
Abrasion Resistance	Class 3–5 (ISO 10545-7)	If you have a second abrasion test or a different standard, list separately.

This soft white sintered stone features a gentle, milky-white base with subtle natural veining, creating a calm and refined appearance. Its understated texture adds depth without distraction, making it ideal for modern, minimalist, and luxury interiors.

CRYSTAL CLOUD

LS530 A&B&C (3D)

12 X 1600 X 3200MM

Perla Bianca presents a soft pearl-white base enriched with delicate beige veining, delivering a warm, elegant aesthetic that avoids harsh brightness. Its balanced tone ensures a clean, sophisticated look in both natural and interior lighting.

PERLA BIANCA

LS 509 A&B&C (3D)

12 X 1600 X 3200MM

Panda White is a striking sintered stone that blends a clean white base with flowing veins in soft green-grey and subtle earthy tones. The fluid veining creates a strong visual statement while maintaining an elegant, refined balance.

NEW PANDA WHITE

LS529 A&B&C (3D)

12 X 1600 X 3200MM

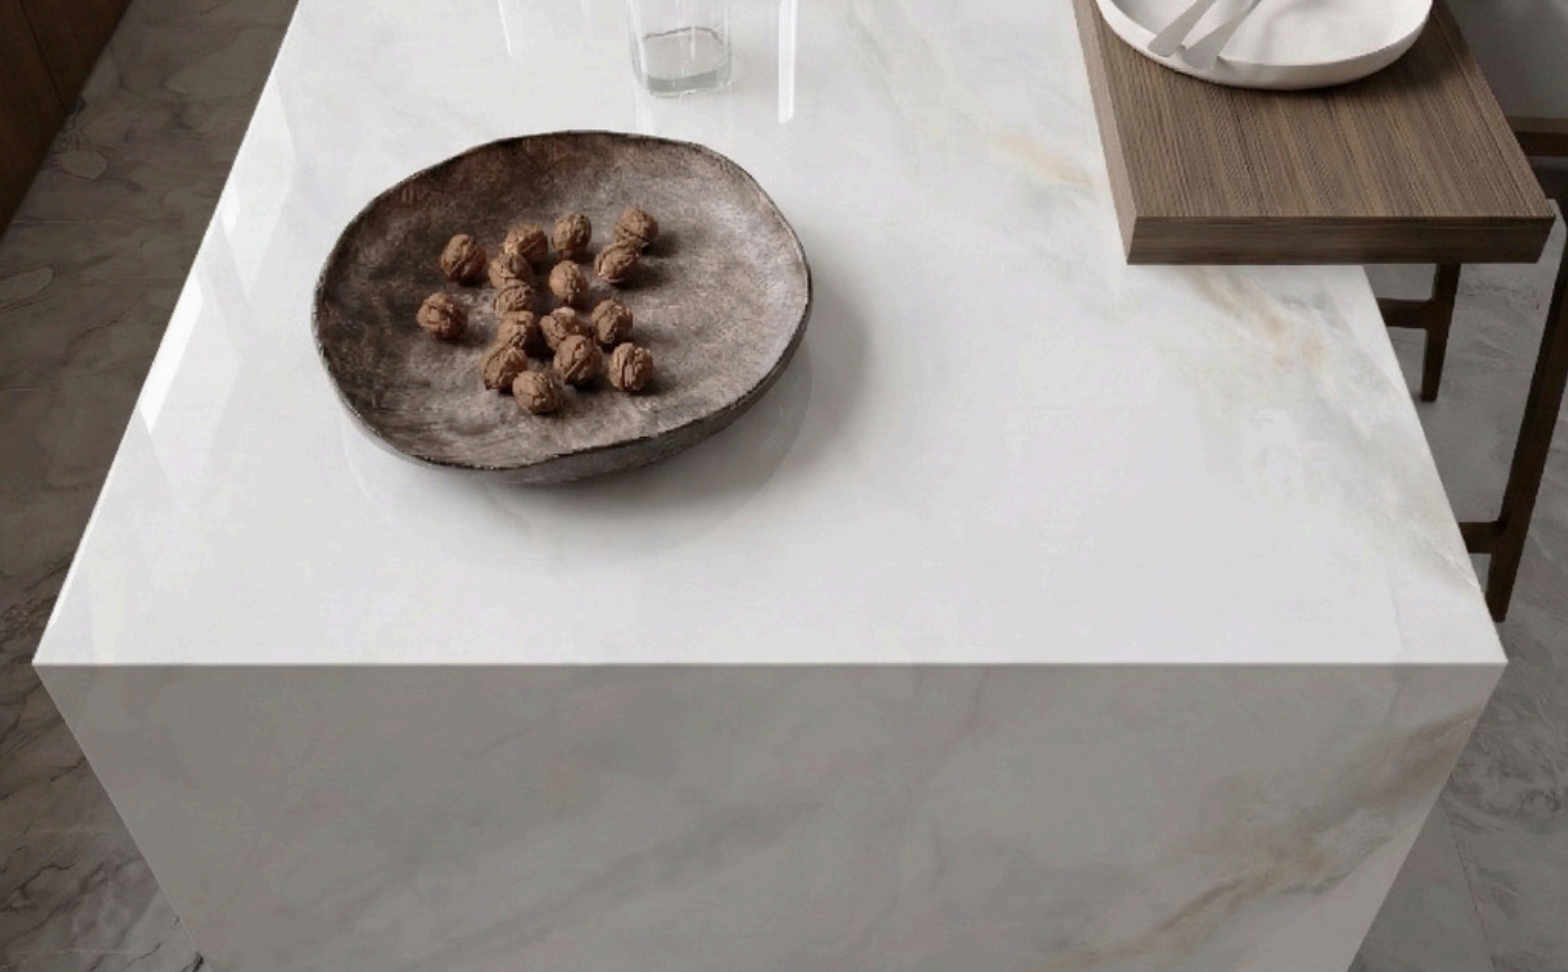

Capri White features a crisp white background that exudes brightness and clarity. Subtle grey veins meander across the surface in a delicate pattern, adding a gentle sense of movement.

CAPRI WHITE

○ LS 524 (P) A&B&C

12 X 1600 X 3200MM

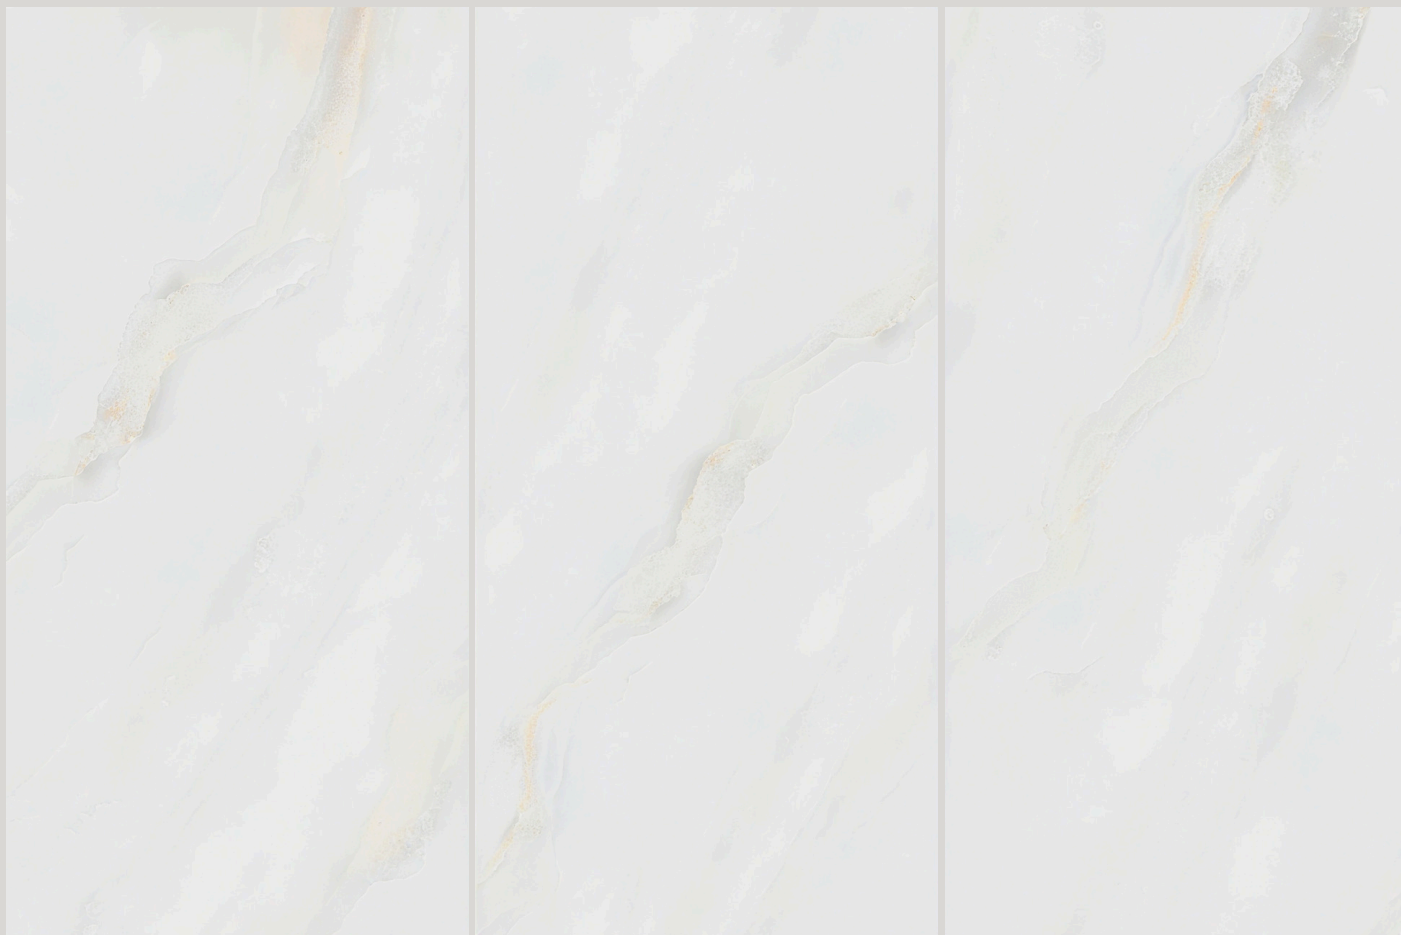

Bring timeless elegance into your home with Frosted Jade sintered stone. Featuring a soft white base with delicate jade-like veining, it creates a sophisticated yet serene atmosphere.

FROSTED JADE

LS 526 (P) A&B&C

12 X 1600 X 3200MM

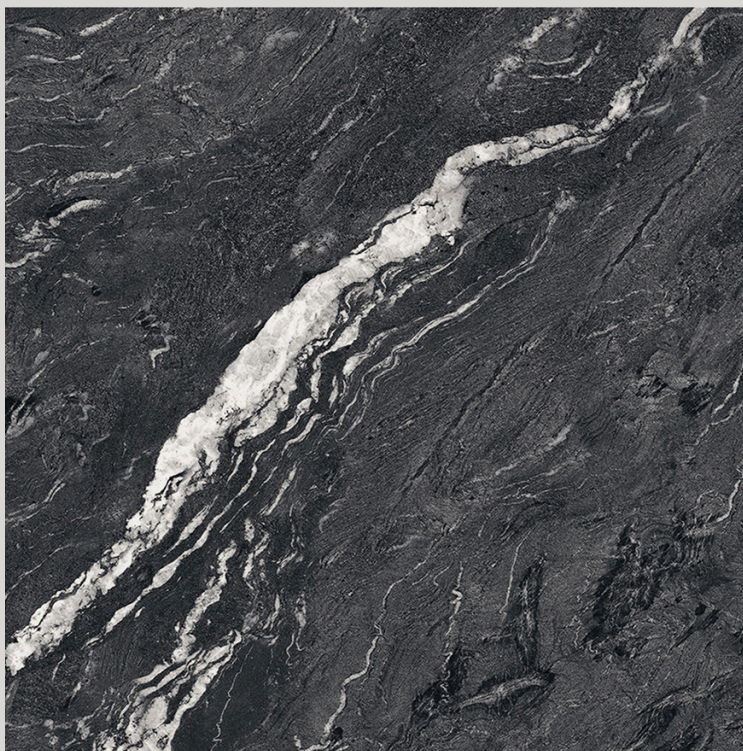

GUCCI BLACK

● LS 802 (M)

12 X 1600 X 3200MM

A deep charcoal-black base is dramatically swept with bold white and silver veining, cutting across the surface like brushstrokes of light through darkness. Its organic texture gives each slab a unique character that no two spaces will ever share.

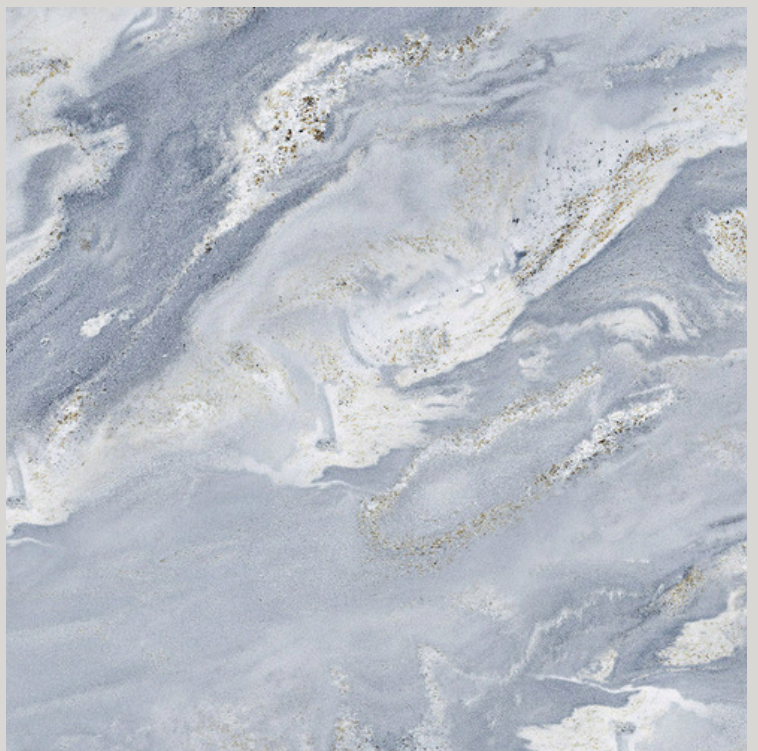

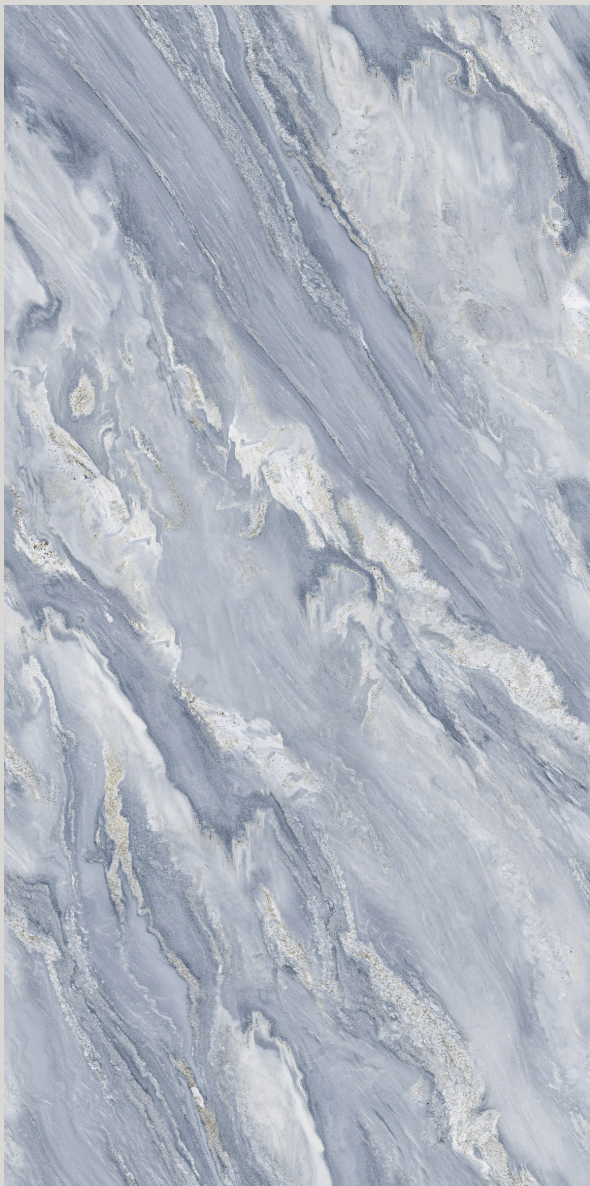

PALISSANDRO BLUE

○ LS 803 (P)

12 X 1600 X 3200MM

The surface features a stunning steel-blue and misty grey base, swept with flowing white and ivory veining that mimics geological formations. Golden crystalline flecks add depth and quiet luxury, making every slab a one-of-a-kind work of art.

SPECIAL MIST

○ LS 508 (3D)

12 X 1600 X 3200MM

A soft ivory-white base is delicately layered with gentle beige and cool grey tones, drifting across the surface like wisps of mist over a still landscape. Subtle organic veining and natural textures add depth and dimensionality, creating a slab that feels both timeless and serene.

FROSTED CLOUDS

○ LS 572 (P)

12 X 1600 X 3200MM

Frosted Clouds features a soft blend of cool grey and pale blue tones. Subtle, cloud-like patterns flow across the surface, giving it a gentle, almost ethereal appearance.

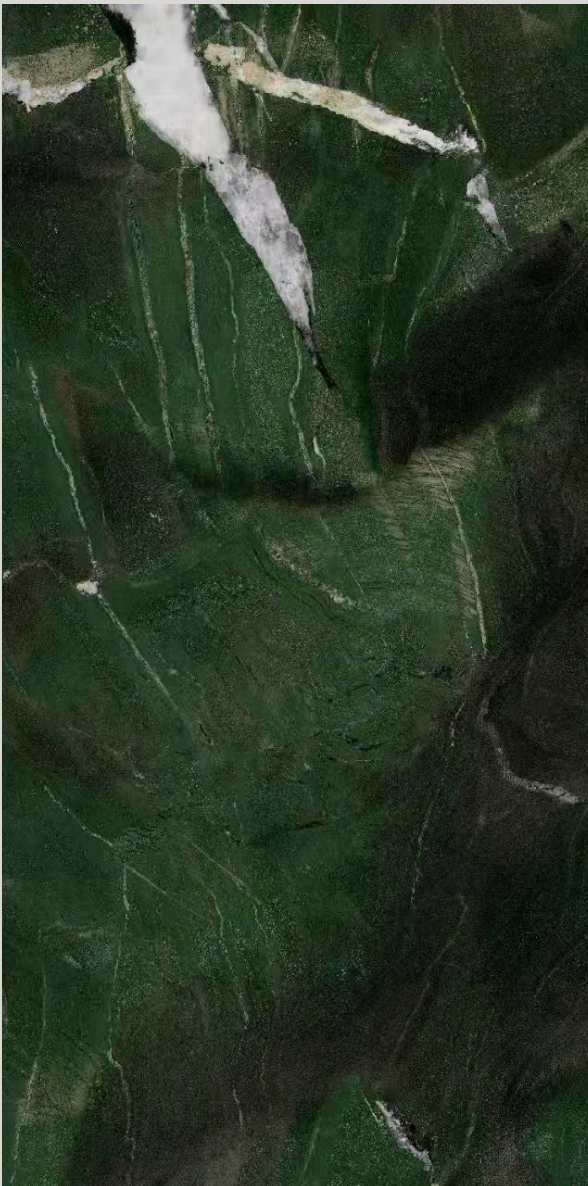

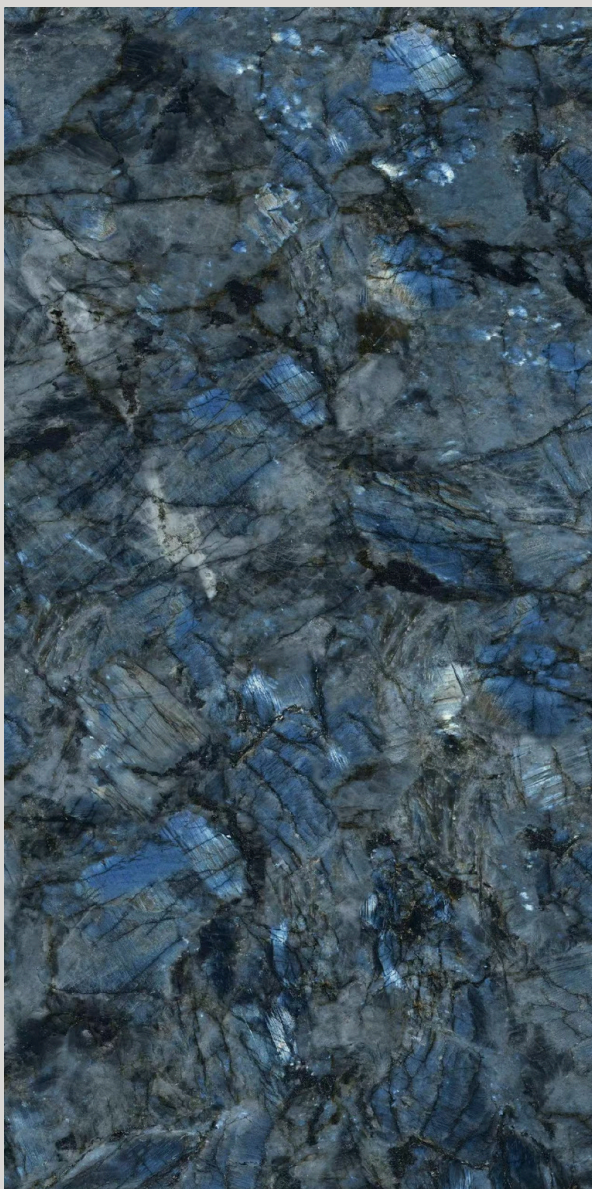

AVOCADO VERDE

○ LS 577 (P)

12 X 1600 X 3200MM

Transform any space into a statement of elegance with Avocado Verde sintered stone. Featuring a rich, deep green base with striking white and subtle gold veining, it brings a dramatic yet sophisticated touch to interiors. Ideal for feature walls, countertops, and luxurious furniture designs.

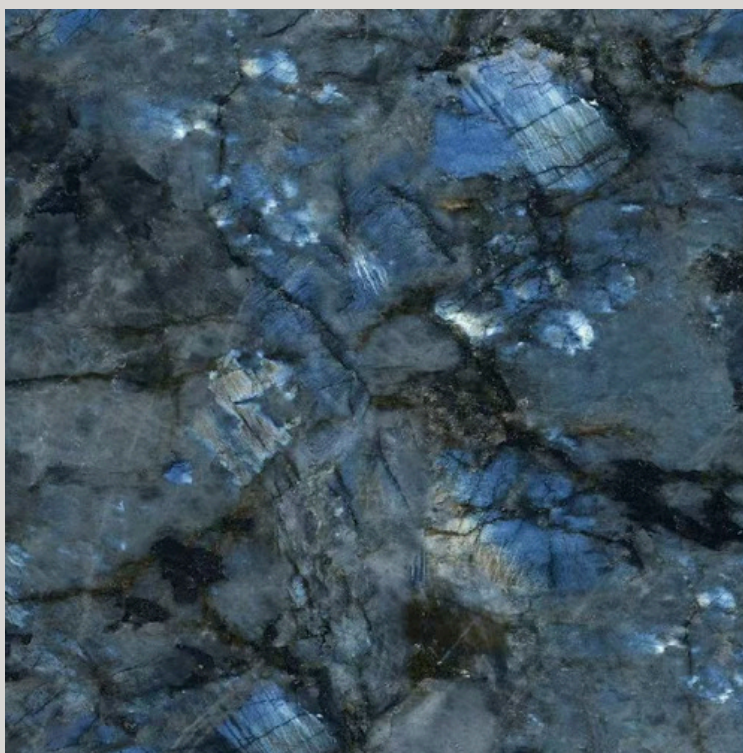

VOLGA BLUE

LS 588 (P)

12 X 1600 X 3200MM

Experience the captivating allure of Volga Blue, inspired by the elegance of natural labradorite. Its deep charcoal base is illuminated with shimmering blue reflections, creating a luxurious and dynamic visual effect.

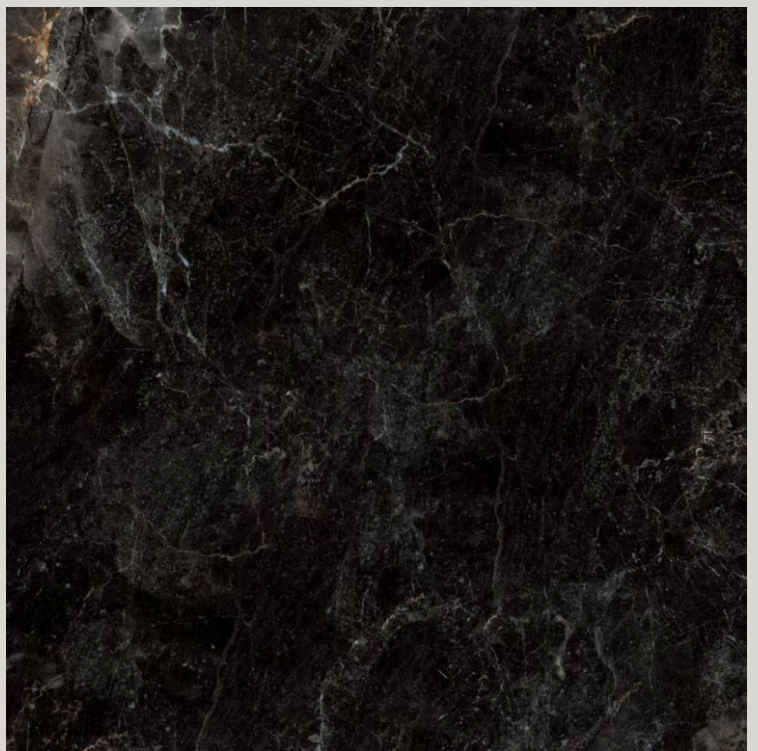

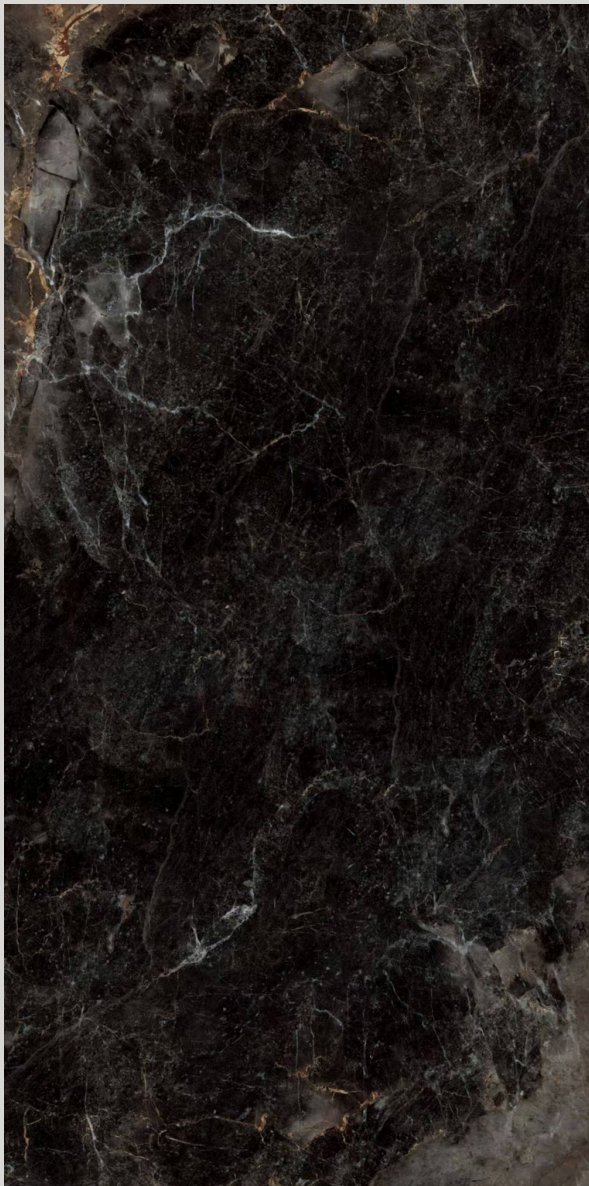

PHANTOM BLACK

● LS 590 (P)

12 X 1600 X 3200MM

Make a bold statement with Phantom Black, a sintered stone that exudes sophistication and strength. Its deep black base, interlaced with subtle white and bronze veining, creates a luxurious, dramatic effect perfect for modern interiors.

ARABESCATO CORCHIA

○ LS 538 (P)

12 X 1600 X 3200MM

Arabescato Corchia showcases a crisp white background defined by dramatic, interlocking grey veins. This dynamic pattern creates a sophisticated, classic look of luxury.

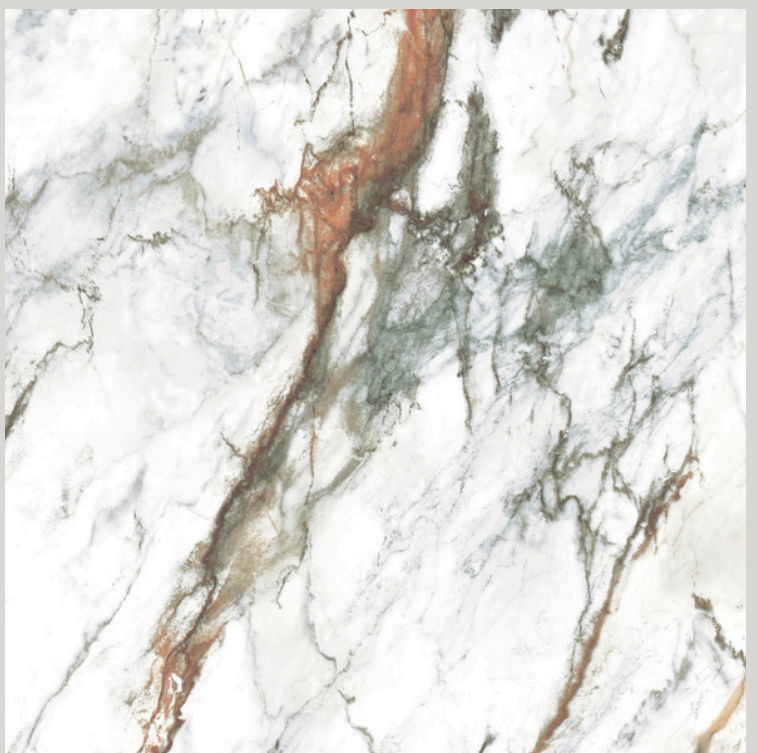

CALACATTA ORO

○ LS 511 (S)

12 X 1600 X 3200MM

Calacatta Oro features a predominantly bright white background, punctuated by bold veining in warm gold and copper hues. These dramatic veins intertwine with subtle grey and greenish undertones, creating a multi-tonal pattern that exudes a sense of luxury and movement.

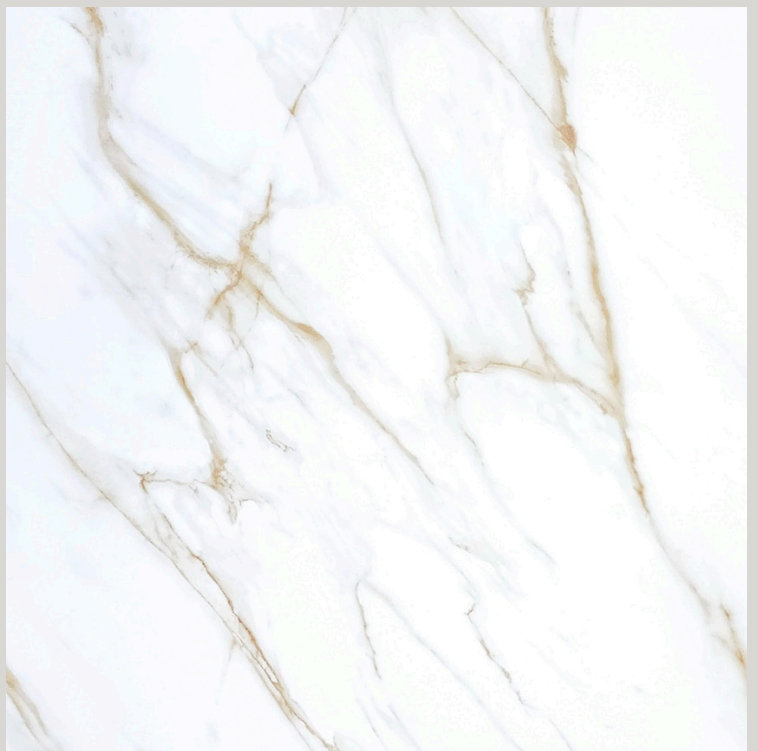

CALACATTA GOLD

○ LS 512 (P)

12 X 1600 X 3200MM

Calacatta Gold features a brilliant white background highlighted by bold, sweeping veins of rich gold. These striking, fluid lines run organically across the surface, creating a warm and luxurious focal point.

LIGHT CALACATTA GOLD

○ **LS 593 (M)**

12 X 1600 X 3200MM

Light Calacatta gold features a predominantly bright white background with striking, warm gold veins that vary in thickness and intensity. The movement of the veins is fluid and organic, creating a sense of elegance and luxury.

CARRARA

○ LS 567 (M)

12 X 1600 X 3200MM

Carrara features a crisp white background accented by distinctive grey veins that vary in thickness and intensity. These veins meander elegantly across the surface, creating a classic, timeless look reminiscent of traditional Carrara marble.

SANTORINI WHITE

○ LS 581 (M)

12 X 1600 X 3200MM

Santorini white features a predominantly bright, luminous background, giving it a clean and airy appearance. Delicate veins in soft, cool greys are dispersed across the surface in gentle, flowing patterns.

SILVER TRAVERTINE

○ **LS 532 (M)**

12 X 1600 X 3200MM

Inspired by the timeless beauty of natural travertine, Silver Travertine offers a refined grey-white tone with delicate linear textures. Its minimalist design makes it a perfect fit for contemporary spaces, enhancing light and creating an airy, sophisticated feel.

BEIGE TRAVERTINE

○ LS 523 (M)

12 X 1600 X 3200MM

Beige travertine displays the characteristic horizontal banding often associated with the stone. It features a warm, creamy-beige color, with subtle, naturally occurring layers and tonal variations ranging from lighter cream to slightly deeper beige.

BEIGE LIMESTONE

○ LS 519 (M)

12 X 1600 X 3200MM

Beige Limestone appears to have a subtle, uniform background in a warm neutral tone. The coloration is predominantly a soft, light beige with faint undertones of cream or sand.

ARMANI GREY

○ LS 573 (M)

12 X 1600 X 3200MM

Armani grey features a soft, uniform background in a cool, medium-toned grey color. Subtle veins in lighter shades of grey and white meander gently across the surface, creating a delicate pattern that adds texture without being overly dramatic.

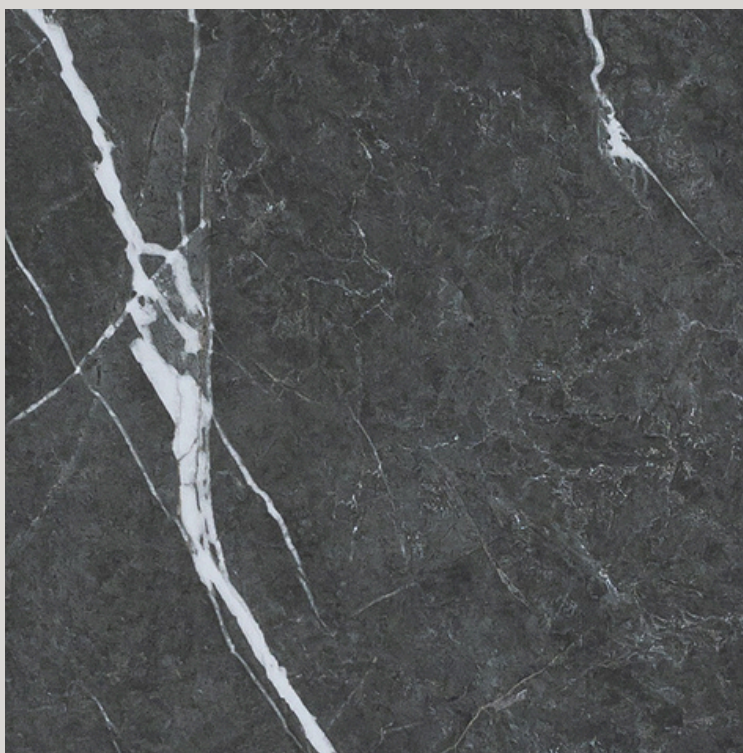

PIETRA GREY

● LS 503 (M)

12 X 1600 X 3200MM

Pietra Grey features a deep, rich background with striking white veining that flows dynamically across the surface, mimicking natural marble.

BAHIA BLACK

● LS 558 (M)

12 X 1600 X 3200MM

Bahia Black has a dramatic, dark charcoal to black background with subtle linear striations in lighter grey running diagonally or in sweeping waves across the surface. These soft, flowing bands give it a dynamic sense of movement, reminiscent of wood grain or gentle ripples in water.

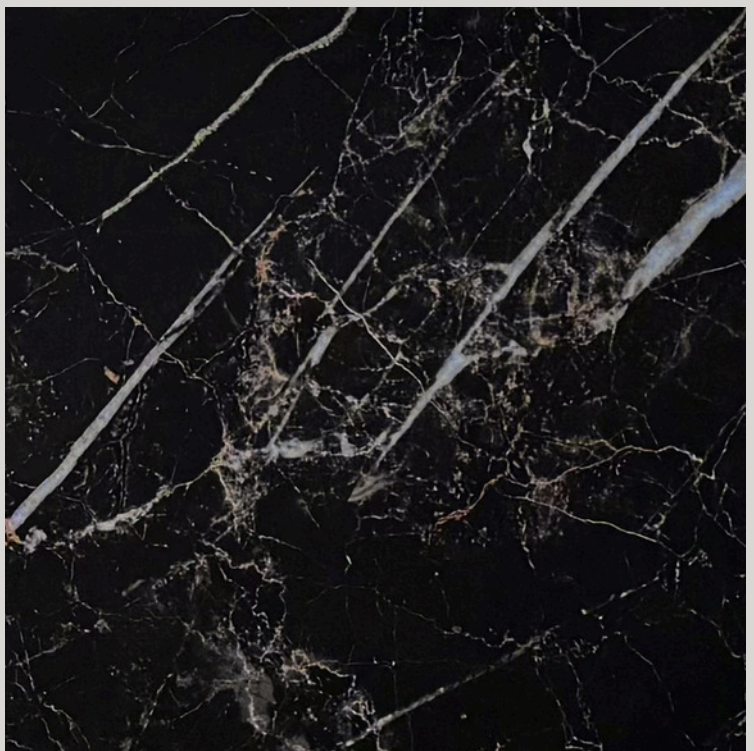

GRIGIO BLACK

● LS 514 (M)

12 X 1600 X 3200MM

A jet-black base is intricately laced with fine white and silver veining that spreads across the surface like lightning frozen in time. Delicate gold and bronze mineral traces add a warm, luxurious contrast, giving the slab a galaxy-like depth that draws the eye from every angle.

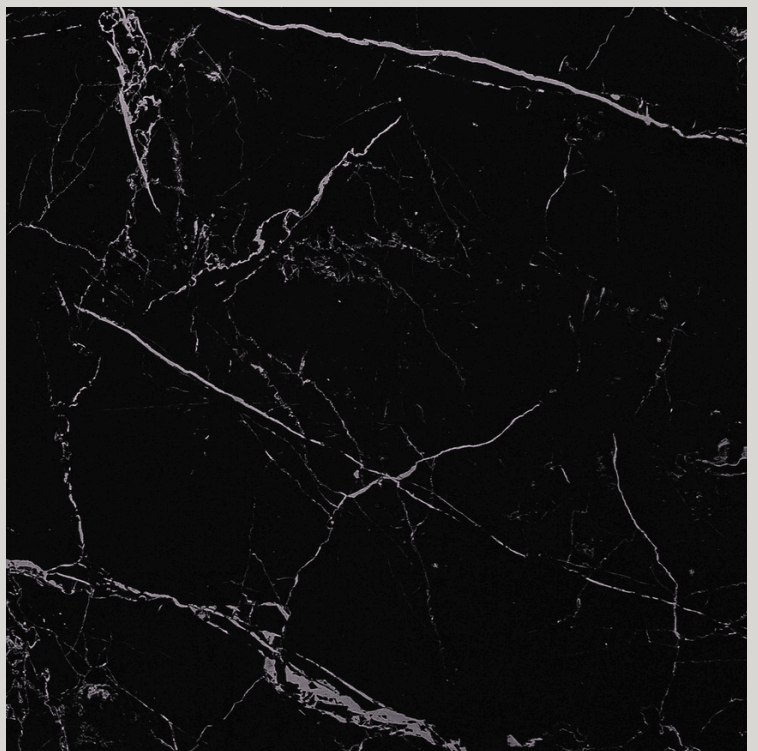

BLACK MARQUINA

● LS 589 (M)

12 X 1600 X 3200MM

Black Marquina features a deep, inky-black background accentuated by striking white veins that intersect and branch across the surface in a bold, graphic pattern. Some veins are thin and delicate, while others are more pronounced, creating a dynamic visual contrast.
